Dear Jenefer:

I am most pleased to advise you that after your excellent presentation to the Marin County Chiefs of Police Association on June 7, 2002, the Chiefs unanimously voted to endorse CCPPFA.

The Chiefs are aware of the critical need for efforts to educate seniors, their families, financial institutions, law enforcement and the general public on the topic of financial abuse of elders. Your program strikes such a great balance between raising community awareness, education and prevention that it is unique and remarkable.

Please feel free to use our name in any efforts to support CCPPFA.

Very truly yours,
